

Gorham Fire Department

Request for Annual Outdoor Fireplace Permit

Owner: _____ Phone: _____

Property Address: _____

Fireplace Type: ☐ Commercially Manufactured (brand) _____

☐ Built on site

I agree to abide by the following conditions:

- The fireplace must be located no less than 25 feet from a structure, trees, brush or other combustible material.
- The fireplace must have solid non-combustible walls at least 18 inches in height and the diameter of the fireplace shall be no more than 36 inches.
- A grate/screen/spark arrestor shall be over the top of the fireplace.
- The area immediately under and around the fireplace must be clear of grass and other combustibles.
- If the fireplace is commercially manufactured, it will be installed in accordance with manufacturers' guidelines.
- Nothing inconsistent with Maine State Law Title 12, Section 9324, Item 7 shall be burned (only clean firewood).
- Fires must be attended at all times.
- A water hose, 5 gallon bucket of water or a portable fire extinguisher will be present during burning.
- Prior to each use of the fireplace, the owner will contact the Gorham Fire Department to confirm that weather conditions allow for burning. The phone number is 207-222-1604, or online at www.burningpermit.com
- Hours to burn are from 9:00 am until 12:00 midnight.
