She also announced that the Gorham Historical Society will soon be moving their archives from their building on School Street to the Barn at Cherry Hill Farm. She hopes to be open more hours to the public at the new location.

Councilor Hartwell reported that the Ordinance Committee met on August 16th and discussed recreation impact fees and the Growth Management Ordinance, which is on tonight's agenda. He pointed out that they were using new technology, which allowed the Town attorney to attend the meeting remotely and be able to participate in discussion.

If there are any concerns, please call 1-888-844-4300 to schedule an appointment to discuss the assessment.

School Committee Report

Start of School

The 2022-23 school year has gotten off to an excellent start! We brought over 500 staff back two weeks ago and last week we opened our doors to our students. It is amazing to have our schools open and operational again.

We are beginning the year with far fewer COVID restrictions but are still reporting active COVID cases on our website to assist parents in making informed choices. If a student or staff member tests positive, they need to isolate for 5 days but then can return to school with a mask for the next 5 days if symptoms are improving. We are not contact tracing and not quarantining anymore.

If we do get into an outbreak status, we will of course need to inform families at that time, and conditions could change depending on the recommendations from the Maine CDC. Our district website has a COVID page that provides up to date information as well as a Q&A for people that have questions. People can also reach out to the school nurse with questions.

Busses

Now that school has started it is important to remember that busses are on the roads! Thank you to Gorham PD for putting out some great reminders to our community during the first week of school, however those signs out for the rest of the year. Please

remember to slow down and stop for busses when their red lights are on. Let's make sure we do our part to keep the children safe!

Speaking of busses, once again, we are short on bus drivers. If you know of anyone that is interested, please point them in our direction! If you have your license, great, but if you don't, we will pay to have you trained! The starting hourly rate is \$21.59 with full benefits. We have great hours and rewarding work.

In addition, we are looking for spare drivers. You can earn \$26.00 for a spare driver, but unfortunately without benefits.

Open Houses

Our K-8 schools had their open houses last week and we had a great turnout! Parents and families came out in force to support our children across our schools. The GHS open house will be on Thursday at 6:00pm and I am sure we will have a great turnout!

Athletics

The fall athletic season has gotten off to a great start! All teams are up and running, and if you can, come on out and support our Rams! Schedules can be found on our website.

Substitutes

We are also in need of substitutes to begin the new school year. It is a great way to earn some extra money while making a positive difference in the lives of our children! Again, if interested, please go to our website, and apply today.

Staffing

Other than bus drivers and substitutes we are beginning the school year fully staffed. This is remarkable given the current workforce climate in our area, the state, or even the country. This speaks to the caliber of our school system that we can attract and retain such incredible staff each year!

Pre-K

We have a pre-k survey for parents that have been posted on our social media sites. The deadline to fill it out is September 12, so parents with pre-k age students please remember to fill this out!

We will have an update on our summer building projects and initial enrollment figures for you at the October meeting.

Our next regular meeting is on September 14, 2022, at 7:00pm in Council Chambers

SECTION 2. LEGAL AUTHORITY

This Ordinance is adopted pursuant to the authority granted by 30-A M.R.S. § 4360, as may be amended, and the Town's home rule authority under Chapter VIII, Part 2, Section 1 of the Maine Constitution and 30-A M.R.S. § 3001, as may be amended.

SECTION 3. PURPOSE

The purpose of this Ordinance is to protect the health, safety and general welfare of the residents of the Town of Gorham by placing reasonable and appropriate limitations on residential development in accordance with the Comprehensive Plan, more specifically:

To avoid circumstances in which the rapid development of new residences—potentially housing many families with school age children—would outpace the Town’s capability to expand its schools and other necessary services soon enough to avoid serious school overcrowding and a significant reduction in the level and quality of other municipal services.

i. Expiration. A growth permit shall expire with the building permit issued by the Code Enforcement Officer for that dwelling unit.

SECTION 8. PERIODIC REVIEW AND AMENDMENT OF ORDINANCE

The Town Council shall conduct a review of this Ordinance at least every two years to determine if it remains consistent with the Town's ability to absorb growth and to achieve the priorities outlined within the Comprehensive Plan. The Town Council shall determine if the number of growth permits available under Section 7 of this Ordinance is required to be adjusted by amendment of the Ordinance in order to comply with applicable law. During its review, the Council shall set the number of growth permits available under Section 7(c) of this Ordinance at 105% or more of the mean number of growth permits issued during the 10 years immediately prior to the year in which the number is calculated, in accordance with 30-A M.R.S. § 4360(3)(B), as may be amended from time to time. The Town Council may seek assistance or advice from the Planning Board in connection with such review. This section does not limit the Council's authority to review and/or amend the Ordinance at any other time, provided such amendment complies with all applicable laws.

Each day a violation continues to exist after notice of the violation constitutes a separate violation. This Ordinance shall be enforced by the Code Enforcement Officer in the manner provided for enforcement of land use violations under Section 1-3(B) and (C) of the LUDC.

SECTION 10. APPEALS

Any decision made by the Code Enforcement Officer or Town Council under the provisions of this Ordinance may be appealed to the Board of Appeals within 30 days of issuance, in accordance with the appeals procedure established in Chapter 1, Section 1-4(D) of the LUDC, as may be amended from time to time.
