On 04-26-2012, The Gorham Police Department was advised of a more specific threat in the area of the Gorham Middle School. With the information obtained, the students were again sheltered in place and dismissed at normal dismissal time. The only change to the dismissal procedure was that no student was allowed to walk from the school. Students who typically walk were bussed to Gorham High School and dismissed from that location. All after school activities were cancelled.
