Land Use and Development Code Amendment: Agricultural Tourism

1. Overview

The Town Council forwarded a request to the Planning Board to allow existing farms to utilize agritourism as a way to generate revenue. This is not a zoning change to allow for dedicated event centers in old barns; that is something that would need to be done under a contract zone as outlined under the new Rural District's performance standard G, 13. The amendment includes adding new definitions, new permitted use in the Rural District, as well as new Rural District performance standards. The Town Council has forwarded the drafted ordinance amendment identified below with proposed changes shown as underlined. The Town Attorney has reviewed and provided edits to the proposed ordinance which have been incorporated.

The Planning Board may want to review to see if there are any farms in the Suburban Residential District that could utilize the proposed amendment. If so, the Planning Board may want to consider an amendment that would allow agritourism in the Suburban Residential District.

Proposed Amendment:

Chapter 1: ZONING REGULATIONS

SECTION 1-5 – Definitions

Agriculture: The science, art, or practice of cultivating the soil, producing crops, and raising livestock and in varying degrees the preparation and marketing of the resulting products.

Agritourism: Any agricultural activity carried out on a farm or ranch that members of the general public are allowed to view or participate in, including farming, ranching, historical and cultural activities, harvest-your-own activities and attractions related to farming or ranching, including, but not limited to, marketing or selling of any products from the farm or ranch. Examples of agritourism include farm markets; roadside stands; enjoyment the farm environment; harvest your own operations; ice cream/bakery facilities; Maine Maple events; Christmas tree farm, including cut your own operations; wineries, winery tours and tastings; local product retail operations; corn mazes; farm-related interpretive facilities and exhibits, agricultural education programs and experiences; agriculturally related fairs and festivals; on-site farm, garden and nursery tours; trails; farm stay; recreation related operations; horseback riding; weddings; corporate events/retreats; and banquets. An activity is an agritourism activity whether or not the participant pays to view or participate in the activity.

Farming: The commercial production of agricultural products as a livelihood and includes dairy farming; raising livestock, freshwater fish, fur-bearing animals or poultry; producing, cultivating, growing and harvesting fruit, produce or floricultural or horticultural commodities; or any practices on a farm or ranch that are incident to or in conjunction with these farming operations, as defined by the Maine Revised Statutes, Title 7, Sec. 251, as amended.

Marketing: The promotion of buying and selling a product or service, including agritourism, which means attracting visitors to a farm to attend events and activities that are accessory uses to the primary farm operation.
