

Info on Snowmobile Trail Easement

Reggie Boudreau with Novel spoke with Fred Daigle, Landowner, on 12/7/23 and relayed the following:

Per Fred Daigle:

- As per Fred, **no permanent easement will be issued to the Town** (LO doesn't understand why this is a town issue being that the trail isn't maintained by the town – it is maintained by the snowmobile club)
- snowmobilers can go around the project, no problem (he has a good relationship with the club)
- the snowmobile trail can go back to historical origin (40+ years back) if they want
- only wanted trail moved to where it currently is because of traffic noise at night

Reggie - Fred just called me. He said that a Tom Mazza of the Gorham Conservation Commission and president of the Snowmobile Club, said the snowmobile trail has already been moved outside of the project area and he has apparently already told the town planning board all of this.
