That **\$16,434,916** be authorized to be expended for Regular Instruction; that **\$5,556,100** be authorized to be expended for Special Education; that **\$424,086** be authorized to be expended for Career and Technical Education; that **\$852,816** be authorized to be expended for Other Instruction; that **\$2,942,316** be authorized to be expended for Student and Staff Support; that **\$1,113,518** be authorized to be expended for System Administration; that **\$1,950,745** be authorized to be expended for School Administration; that **\$1,786,231** be authorized to be expended for Transportation and Buses; that **\$3,844,050** be authorized to be expended for Facilities Maintenance; that **\$2,726,434** be authorized to be expended for Debt Service and Other Commitments; and that **\$44,000** be authorized to be expended for All Other Expenditures.

Be It Ordered:

1. That **\$37,675,212** appropriated for the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act and that **\$12,241,429** be raised as the municipality's contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act in accordance with the Maine Revised Statutes, Title 20-A, section 15688.

Explanation: The municipality's contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act is the amount of money determined by state law to be the minimum amount that a municipality must raise in order to receive the full amount of state dollars.

2. That **\$573,458** be raised and appropriated for the annual payments on debt service previously approved by the municipality's legislative body for non-state-funded school construction projects, non-state-funded portions of school construction projects in addition to the funds appropriated as the local share of the municipality's contribution to the total cost of funding public education from kindergarten to grade 12.

Explanation: Non-state-funded debt service is the amount of money needed for the annual payments on the municipality's long-term debt for major capital school construction projects that are not approved for state subsidy. The bonding of this long-term debt was previously approved by the voters or other legislative body.

Be It Further Ordered, that the school committee be authorized to expend **\$37,675,212** for the fiscal year beginning July 1, 2017 and ending June 30, 2018 from the municipality's contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs

Item # 9223 VOTED as amended. 6 years

Item # 9224 Moved by Councilor Shepard, seconded by Councilor Hager and ORDERED that \$5,505,886 be raised and appropriated in additional local funds, which exceeds the State's Essential Programs and Services allocation model by \$4,856,785 as required to fund the budget recommended by the School Committee.

The School Committee recommends \$5,505,886 for additional local funds and gives the following reasons for exceeding the State's Essential Programs and Services funding model by \$4,856,785. The State's funding model does not support all of the costs of the schools because it includes only those costs considered essential by the new State Essential Programs and Services (EPS) model.

Explanation: - The additional local funds are those locally raised funds over and above the municipality's local Contribution to the total cost of funding public education from Kindergarten to grade 12 as described in the Essential Programs and Services funding Act and local amounts raised for the annual payment on non-state funded debt service that will help achieve the School Department budget for educational programs.

Whereas, over time, many cemeteries that had been managed by separate Cemetery Associations have been turned over to the Town, and

The Town also reserves the right to lay, maintain and operate, or alter or change, pipe lines or gutters for sprinkler systems and drainage purposes and to use cemetery property, but not inconsistent with Rights of Interment already sold to Grantees, for cemetery purposes, including interment and inurnment of the dead, or for anything necessary, incidental, or convenient thereto. The Town reserves to it and to those lawfully entitled thereto, a perpetual right of ingress and egress over burial sites for the purpose of passing to and from other burial sites.

3.2 **Supervisor:** The Public Works Director shall have the general responsibility to supervise all Cemeteries in Gorham. Where ever the term Superintend is used it means the Public Works Director for the Town of Gorham or his/her designee.

3.3 **Hours:** The Cemeteries shall be open to the public seven days per week from 8 am to sunset each day.

federal or state laws. Improper conduct or violation of Rules and Regulations by anyone may result in a request to leave the Cemeteries.

3.7 Waste Removal: Individuals who enter the Cemeteries must carry out all waste that they create while in the Cemeteries. Depositing of waste, rubbish, and debris on the grounds of the Cemeteries, or neighboring and adjacent property, is prohibited.

3.8 Group Functions: The only group functions that are allowed within the Cemeteries are funerals, burials, memorial services, and educational tours. Other types of functions are not permitted unless permission is sought and granted, in advance, by the Town Manager or the Town Council.

3.9 Correction of Errors: The Town shall have the right to correct any errors that may be made by it or its agents in making interments, disinterments or removals, or in the description, transfer or conveyance of any Rights of Interment or interment property. Such corrections may include cancelling such conveyance and substituting and conveying in lieu thereof other Rights of Interment or other interment property of equal value and similar location as far as possible, or as may be selected by the Town, or, in the sole discretion of the Town, by refunding the amount of money paid to the Town on account of said conveyance. In the event such error shall involve the interment of the remains of any person in such property, the Town reserves the right to remove or transfer such remains so interred to such other property of equal value and similar location as may be substituted and conveyed in lieu thereof.

3.10 Town Authority: The Superintendent shall have charge of the grounds and property within the Cemeteries and all persons visiting the Cemeteries and the application and enforcement of these Rules and Regulations including, but not limited to, monuments, cremation and urns. Section 4: RIGHT OF INTERMENT.

4.1 General: The Town will issue a Right of Interment ("Right") (right to bury human remains or to bury the ashes of a human being ("cremated remains" or "cremains"), the latter hereinafter referred to as an Inurnment) upon the payment in full of the current price for such rights. Purchase of a Right in no way grants any other rights or privileges to the purchaser, and a right of interment is subject to these Rules and Regulations. No Right shall be used for any purpose other than the burial or the memorializing of the human dead, or the cremains of the

human dead. The statement of any employee or agent of the Town, unless confirmed in writing by an authorized representative of the Town shall in no way bind the Town.

4.2 Purchase of Interment: Individuals considering the purchase of a Right of interment should contact the Towns Finance Office at the Gorham Municipal Center. The Finance Office will notify the appropriate official who will assist the individual in making a decision to purchase.

4.3 Payment in Full Required: Complete payment of the purchase price for the Right of interment must be made to the Town before any burial is permitted. No partial payments will be accepted. Upon full payment for the Right of interment, and signing of Grantee Acknowledgement Form, the Town of Gorham will issue an executed document signifying the granting of the Right.

4.4 Right of Interment only: The Grantee is the individual who has purchased the Right of interment, or has inherited the Right from a deceased predecessor Grantee. The Grantee "owns" the right of interment, but does not own real property, just the right to use one or more specific burial sites in the Cemeteries subject to all of the Rules and Regulations as well as applicable laws and ordinances.

4.5 Inheritance: The laws of the state of Maine determine the descent of title to Rights of interment. Heirs must prove their legal inheritance before rights to burial spaces can be reassigned. Upon the death of a Grantee, the heirs or devisees of such person must file with the Town Clerk proof of ownership for the purpose of correcting the record. Notarized statements as to relationship (e.g. Affidavit of Heirs) and certified copies of wills or court decrees (if any) are normally sufficient. The Town shall charge an administrative fee for each descent of title of each burial right.

4.6 Repurchase of Rights: The Town has no obligation to repurchase Right of interment from Grantees.

4.7 Exchange Rights: The Town may, but is not obligated to, allow exchanges of Right of interment for different burial sites within its Cemeteries. The Town shall charge an administrative fee for each exchange of each burial right.

Section 5: CARE OF BURIAL SITES.

5.1 Burial Site and Grave Site: Burial Site is the basic unit of space within the Cemeteries used or intended to be used for the burial of human remains. It is also commonly referred to as a single "grave site".

5.2 Site Boundary: No burial site shall be defined by a fence, railing, hedge, crypt, or enclosure of any description. Boundaries that existed prior to the adoption of this Ordinance around burial

sites may be maintained as a boundary by the owners of the internment right, but no one is allowed to add to or replace them.

5.3 Right to Remove: The Town, or their agent/designee have the right to remove all floral designs, vases, urns, decorations, flowers, shrubs, wreaths, plants, and other materials placed in Cemeteries that, in their opinion, become unsightly, dangerous, detrimental, diseased, or that interfere with normal maintenance of Cemeteries.

5.4 Perpetual Care: The general care of the surface conditions of the Cemeteries is the responsibility of the Town and includes cutting of grass, filling in sunken graves, trimming bushes and trees, and raking and cleaning the grounds. Perpetual care does not include, nor does the Town assume any responsibility, for caring for or planting flowers or ornamental plants, or other special work.

Section 6: INTERMENTS AND INURNMENTS.

6.1 Timing: Cemeteries shall be open for interments and inurnments Monday through Saturday from 8 am to 4 pm. There shall be no interments and inurnments permitted after December 1 through April 1. However, this prohibition may be waived at the discretion of the Town if weather conditions or soil conditions warrant such a waiver. Interments and inurnments will not be permitted on Sundays or federal or state holidays unless waived by the Town. Any service extending beyond the established hours will be subject to an additional fee.

6.2 Notice: Forty-eight (48) hours-notice (not counting Sundays or holidays) must be given to the Town by the funeral or burial service provider prior to all interments.

6.3 Delay: The Town reserves the right to postpone any interment and inurnment due to weather conditions or other emergency. The Town shall not be responsible or held liable for any costs or damages for any delay in an interment/inurnment due to a written, timely protest to the interment or inurnment by a third party, or where the Rules and Regulations or any law or ordinance has not been met. The Town is under no obligation to recognize any protest of an interment or inurnment unless it is in writing and delivered to the Town.

6.4 Location: When an interment and inurnment is to be made, the location of such shall be designated by the Grantee of the Right or their representative or agent. Should the Grantee or their representative fails or neglects to make such designation, particularly when the Grantee owns rights in multiple burial sites, the Town reserves the right to make or direct the interment and inurnment in a location designated by the Town. An individual who presents himself or herself as

having the authority of the Grantee for this purpose of locating an interment or inurnment shall certify in writing that they have such authority (e.g., Affidavit of Authority) and accept full responsibility and liability for their actions, and will hold the Town, Superintendent, and Town harmless from any liability, including legal costs, on the account of such authority and disposition.

6.5 Instructions: Prior to the interment or inurnment, Grantees or their heirs or representatives are encouraged to provide the Superintendent a written communication as to the location of the burial. The Town cannot be responsible for a mistake as to the particular space or location in the plot resulting from lack of precise and proper written instructions (for example, mistake caused by any order given by telephone).

6.6 Vaults and concrete boxes: In order to maintain a high standard of care and to eliminate sunken graves, all burials must be made using rigid and durable outside containers (commonly known as "vaults and concrete boxes") made of natural stone, reinforced concrete, or any similar container approved by the Town. Cremated remains must be interred in a permanent container approved by the Town.

6.7 Limits: No interment of two (2) or more bodies shall be made in one (1) burial site except in the case of a mother or father and a child, or two (2) infants buried in one (1) casket (or two (2) caskets if small enough to fit within the burial space), or six (6) cremated remains, or one (1) full burial and two (2) cremations. All interments of multiple bodies' remains shall be located and made by the Town. No double depth standard interments will be made.

6.8 Prohibition: Interments and inurnments are to be performed only by the Town or individuals or entities approved by the Town. Grantees and other parties not approved by the Town are specifically prohibited from performing interments or inurnments. The Town will take all reasonable action to rectify any such prohibited burials and seek damages and costs from violators of this rule. The Town will not be responsible for recording the unauthorized burial, including the identity of the deceased.

6.9 Movement of Monuments: Monuments and Markers may have to be moved or removed to gain access to burial sites for purposes on interment or inurnment. The Town will restore the moved items to their initial position as soon as time and weather permit.

6.10 Funeral Directors: All funeral or burial parties entering Cemeteries shall be under the direction of a funeral director licensed by the state of Maine who shall abide by the Rules and Regulations.

6.11 Casket: Once a casket containing a body is within the Cemeteries, it shall not be opened except by a licensed funeral director or his or her assistants or on an order signed by a court of competent jurisdiction.

6.12 Fee: The Town will charge an administrative fee for all interments and inurnments.

Section 7: PLANTS.

7.1 Shrubs: Prior to planting any shrub, approval of the Town must be obtained. Shrubs growing on any burial site may be pruned or removed by the Town or its agents at the discretion of the Town. Generally, no shrubs or trees will be permitted on a single burial site, or at

individual Monuments or Markers. Plantings on two (2) abutting burial sites, or larger plots, may be permitted, subject to pre-approval of the Town.

7.2 Removal of plants to gain access: Planted materials may have to be removed to gain access to burial sites. The Town is not responsible for damage or losses resulting from removal of plant material during any interment or inurnment process.

7.3 Landscape: The Town may undertake, to the extent practicable, the pruning of trees and shrubs to preserve the general landscape features of the Cemeteries, but will not undertake to maintain individual plantings, or containers of plants.

7.4 Flowers: Any planting of flowering plants is restricted to non-spreading varieties. Any perennial plantings must be pre-approved by the Town.

Section 8: MONUMENTS AND MARKERS.

8.1 Definitions: Monument shall mean any above grade level burial site identification object made of stone, bronze, or other material. Marker (also commonly called "headstones" or "flush markers or memorials") shall mean any grade level burial site identification object made of stone, bronze or other material.

8.2 Location and Construction: The location of all Monuments and Markers shall be determined and marked out by the Town. The Grantee has no authority, either specific or implied, to locate or mark out the Monument or Marker by himself or herself or to cause his or her agent to do so. The Grantee is responsible for any and all costs incurred for remedying any error in their locating a Monument or Marker independently of the Town. All Monuments must have a foundation as specified by the Town. The Town does not assume any responsibility for the proper construction of foundations or setting of Monuments or Markers.

8.3 Single Burial Site: A single burial site shall have no more than one (1) Monument and no more than two (2) Markers. The foundation base on a single burial site generally shall be no wider than thirty-two (32) inches. At the discretion of the Town, a Monument or Marker may have a base size of up to seventy-five percent (75%) of the width of the burial space.

8.4 Multiple Burial Sites: Multiple burial sites that abut each other may have a larger Monument than a single burial site, if approved in advance. The Town has authority to approve applications for such Monuments.

8.5 Repair: Monuments and Markers that are placed in the cemeteries remain the property of the Grantee or party purchasing them. Monuments and Markers erected by Grantees shall be maintained in a safe condition by the Grantee (including heirs and assigns), Notwithstanding the primary maintenance responsibility of the Grantee, the Town may, at its sole discretion, take appropriate steps to resolve safety concerns.

8.6 Installation: Monuments and Markers may not be installed until all relevant fees and expenses have been paid. The Town must approve, in advance, all installations.
