Dear Friends,

It has been a privilege to serve the State of Maine since being sworn into the U.S. Senate in January of 2013. First off, I want to make sure you know how to reach my offices, as I welcome your thoughts, questions, or concerns. You can call our toll-free, in-state line at **1-800-432-1599**. In addition, our local numbers are as follows: Augusta (207) 622-8292, Presque Isle (207) 764-5124, Scarborough (207) 883-1588, and Washington D.C. (202) 224-5344. You can also provide your input on our website at www.king.senate.gov.

Maine is a large state; I know that traveling to our offices can present logistical and financial challenges, which is why our team implemented an outreach program, **Your Government Your Neighborhood**. My staff has been traveling to communities throughout the state for two years now, hosting office hours for local residents. Since we began, we have made over 400 trips and plan to increase that throughout 2015.

If we haven't yet been to your town office, community library, or school, or hosted an information table at a local non-profit, please let us know!

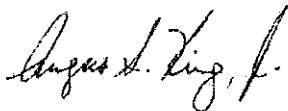

My work in Washington this year has been broad reaching, and I am committed to continue this work in a transparent and nonpartisan manner.

My projects have included:

- Overseeing national security and defense issues from ISIS to cybersecurity
- Continuing efforts to simplify student loans and make higher education more affordable
- Easing the regulatory burdens facing Maine businesses, farms, and schools
- Co-sponsoring budget initiatives for a smarter economic direction
- Supporting vital infrastructure and highway investments
- Tackling climate change mitigation and its long-term impacts
- Ensuring financial transparency in politics through campaign finance reform
- Promoting the growth of rural internet access
- Co-sponsoring legislation to help working families get paid leave to care for loved ones

I am tremendously grateful for the opportunity to serve you and will keep you informed of my activities in Maine and Washington.

Sincerely,

ANGUS S. KING, JR.

Paul R. LePage
GOVERNOR

Dear Citizens of Gorham:

Maine has a long tradition of civil participation in both state and local government, and I thank you for being informed and involved citizens.

My vision for Maine is prosperity, not poverty. For this reason, one of my top priorities is the reduction and eventual elimination of the income tax. Some are pushing to raise the minimum wage, but I want Mainers to earn a maximum wage. Reducing the income tax is the biggest and most immediate pay raise for all hard-working Mainers.

Not only does an income tax cut put more money back in your pockets, but it will also attract businesses that can offer good-paying careers to keep our young people here in Maine. It shows the nation that we are serious about wanting people and businesses to come—and stay—in Maine.

Another of my priorities is to lower the cost of student debt in Maine. If young people are struggling with too much student debt, they are unable to afford homes or vehicles. We are now offering programs to help them lower their debt, stay in Maine, begin their careers and start families.

To provide good-paying jobs for our young people, we must also work hard to reduce our energy costs. High energy costs are a major factor in driving out manufacturers, mills and other businesses that need low-cost electricity. I am committed to lowering the cost of energy, not only to attract job creators, but also to allow Maine people to heat and power their homes affordably and effectively.

And finally, we are making progress to address the drug pandemic in our state. It is my most important duty to keep the Maine people safe. While education, treatment and prevention efforts are important, we must get the dealers off the streets. I am pleased the Legislature has finally agreed to fund my proposal for more drug agents to stem the supply of deadly opiates flowing into our communities, but our law enforcement agencies are still understaffed. We must do more.

It is a pleasure serving as your Governor. If ever I can be of assistance to you or if you have any questions or suggestions, I encourage you to contact my office by calling 287-3531 or by visiting our website at www.maine.gov/governor.

Sincerely,

Paul R. LePage
Governor

Dear Friends and Neighbors:

I am so grateful and thankful that you've selected me to represent you in the Maine Senate. I am honored that you've put your trust in me and I will continue to work tirelessly for the betterment of you and your neighbors, as well as for the state my family has called home for many generations. Please let me provide you with a recap of the first session of the 127th Legislature as well as my hopes for the second session, which will begin in January 2016.

The most important item on our to-do list is clear: our state needs more jobs at all levels of the pay scale, so it is our responsibility and my solemn promise to work to expand economic opportunity for all Mainers. To this end, my fellow legislators and I accomplished a great deal during the first session of the 127th Legislature.

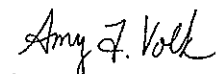

We passed a biennial budget that ensured that more Maine families received a tax cut than did in the "largest tax cut in Maine history" in 2011. That same budget ended taxes on military pensions, so those who have given all that a person can give can feel welcomed and at home in our state. It also conformed our estate tax to federal guidelines, making it easier for family-owned farms and businesses to survive into the next generation. We restructured portions of our welfare system, increasing funding for nursing homes, and put far more funding toward eliminating waitlists for services for brain-injured and intellectually disabled Mainers.

I'm really looking forward to watching how the significant changes we've already made will better the everyday lives of Mainers. I wanted to serve in Augusta because I believe that, while I'm here, I can have an impact on the direction of our district and state. Because of this belief, passing vital legislation (and, sometimes, stopping bad legislation) is so gratifying.

As you know, more changes are necessary. In 2016, during the second session of the legislature, we need to make progress towards addressing the cost of energy in this state. There are a number of bills that have been proposed that would change the way our state's energy system works, and I look forward to putting my own energy into legislation that would lower your energy costs. I also believe that working to provide support to areas hard-hit by recent mill closings should be a focus of the 2016 session.

You have my humble and sincere thanks for allowing me to represent you in Augusta. Please feel free to contact me at 229-5091 and amy.volk@legislature.maine.gov if you have comments or questions, or if you would like assistance in navigating our state's bureaucracy. I continue to be enthusiastically ready to help you.

Sincerely,

Senator Amy F. Volk

FREQUENTLY ASKED QUESTIONS

What types of services are available online?

www.gorham-me.org

Many services that are available at the Municipal Center are also available online. From the Town's Homepage, click on one of the "Where do I go for" links to:

Re-Register vehicle	Re-Register ATV, Snowmobile, Boat, Trailer
Register dog	Obtain a Hunting or Fishing License
Obtain a Burn Permit	Register for a Recreation Program
Reserve or Renew your Library book	Obtain Tax information and print Tax Maps
Search the Library's catalog	Download and print Building Permit Applications
Access Interactive GIS maps	View Meeting Videos
Pay Property Taxes	

* This is not a complete list of the services the Town offers. Please visit the Town's website for a complete listing.

The Town of Gorham also offers an online mapping application. The WebGIS is an interactive map that runs in a web browser and provides the public with geographic data not previously accessible. Some of the data that is available includes: road centerlines, property lot lines, zoning, utilities (Sewer & Water), floodplains (Current and new Proposed FEMA Maps), and much more. Click on the Interactive GIS Maps in the "Where do I go for" section on the Town's homepage.

When are my taxes due?

Taxes are normally due November 15th and May 15th. The Town Council may occasionally change these dates if they fall on a weekend.

How can I view my property tax bills?

Access this information by going to the Town's website www.gorham-me.org. From the homepage, go to "Town Departments" and then click on "Assessing Department". Scroll down to find the link for "Real Estate and Personal Property Tax Bills". Choose the desired year to view. Choose the file with the first letter of the property owner's last name as of April 1st. If you are printing a copy of the tax bill, be sure to choose "print current page" or "print selected record" on the printer menu so you don't print the entire file.

Can I pay my taxes online?

Yes. Beginning November 10, 2014, Residents can make credit/debit card payments 24 hours a day, 7 days a week by clicking on the Online Transactions Link found in the "Where Do I Go For" section on the Town's home webpage. Property taxes can be paid with a Visa, MasterCard, Discovery, or American Express card. Payments are processed through Maine PayPort Online, a third party service working in partnership with the Town of Gorham. By using this third party service, your credit card information is processed through a secure site. For any questions regarding this service, please call (207)222-1611.

Maine PayPort will assess a 2.5% service fee for each transaction; however, all transactions that are \$40 or less will only be charged a \$1.00 fee. **PLEASE NOTE:** Overdue taxes may NOT be paid using this service and must be paid at the Town Office.

What do I need to get my car registered?

For **FIRST** time registrations, the person or persons to whom the vehicle is being registered must come in to process the registration. Anyone can re-register a vehicle.

Proof of Insurance from your Insurance Company can be e-mailed to townclerk@gorham.me.us or faxed to 839-5036.

If purchased from a Maine dealer:

Blue Copy of Title Application

Lease agreement (If a leased vehicle)

Proof of Insurance

Old Registration (if old plates are being used)

Maroney Label (Window sticker if a brand new vehicle)

Current Mileage

If purchased in a private sale (Note that sales tax must be paid to Town Office):

Bill of sale

Previous owner(s) original title assigned to you on the back by seller or the blue copy of title application from a lending institution

Lien Release (if needed)

Proof of Insurance and current mileage

If previously registered out of State:

Out of State Title or lien holder's address

Lease agreement (If a leased vehicle)

Out of State Registration

Proof of Insurance

Current Mileage

Paperwork for Vehicle Re-registration

Old Registration - Proof of Insurance - Current Mileage

Do you accept credit cards?

The Town of Gorham offers the convenience of accepting credit cards or debit cards for payments. Due to the fees charged to the Town by the Bank to process these transactions, a non-refundable convenience fee will be applied to cardholders who wish to pay via credit card or debit card. The fee will be disclosed at the time of the payment transaction with the option for the cardholder to decline the fee and make the payment via check or cash. A fee of 2.45% of the transaction amount will be charged for any amount over \$122. A \$3.00 minimum will be charged for any transaction amount under \$122.

REPORT OF THE TOWN MANAGER FOR FY 2014-15

It is my pleasure to provide the Annual Report for the fiscal year beginning July 1, 2014 through June 30, 2015, to the Town Council and the citizens of Gorham.

I would first like to thank all of the citizens of Gorham who have volunteered for one of our Boards or Committees, served as a coach for one of our youth teams, helped out in our Library or served in some other volunteer capacity for an event in Gorham this past year. The time and effort provided by volunteers help bring the community together, build a social network and strong community identity, and make Gorham a special place to live and raise families. It is no accident that Gorham is one of the fastest growing communities in Maine.

This past year, the local economy continued to improve overall, and the anecdotal information provided by many businesses indicate they had a good year. Although the Town issued fewer permits than the prior year, they were often for bigger projects and reflected continued strength. One negative in the local economy was the financial problems at The University of Southern Maine (USM). The University is a major employer in our community, and the students help to support many of the businesses in Gorham. This year, USM struggled with reduced student enrollment that contributed to financial problems resulting in layoffs of employees, some reduction of programs offered by the University and other painful adjustments. With the economy improving, we are hoping for higher enrollment numbers this coming year.

A number of important local projects made good progress this past year. The old gas station, located on Main Street in Gorham Village, was purchased by Great Falls Construction. This building was an eyesore in recent years and detracted from the small town village atmosphere. On June 13, 2015, Great Falls Construction held a special event at the site and invited the public to help demolish the building. Local Brewer, Sebago Brewing, brewed a special "Eyesore Ale" for the event. A new 4-unit commercial building will replace the old dilapidated building, which will be a significant improvement for our Village area.

The new Martin's Point Health Care facility opened in September of 2014. This new facility is located at the intersection of Mosher Road and Main Street. In addition to providing convenient access to health care, this attractive building will further enhance one of the primary routes into Gorham Village. In May 2015, the Town Council accepted an easement from Martin's Point that will allow low

impact recreational opportunities, such as walking, to the public on approximately 14 acres of land located behind this new Health Care facility.

In the Fall of 2013, voters rejected a \$6.3 million proposal to construct a new Public Safety facility in Little Falls. After listening to the concerns of voters, the Council worked with Port City Architecture to develop a new proposal to upgrade our Public Safety facility at 270 Main Street. This new proposal cost \$4.99 million and was approximately \$1.3 million less than the prior proposal. It also kept the location of our Public Safety facility at 270 Main Street instead of moving it to Acorn Street in the Little Falls area of Town as proposed in the prior referendum. In August, the Town Council voted to send the new proposal to the voters, who approved the project on November 4, 2014. The proposal actually consisted of two projects: build a new Police Station and completely renovated the existing Public Safety building into a Fire and Rescue Station and add two vehicle bays.

Like most projects, receiving approval from the voters was the first in a series of steps going forward. After the November vote, the Council moved quickly to hire Port City Architecture for the next phase of the project and selected Allied Cook Construction Corporation as the Construction Manager. The Town's Finance staff next met with the bond rating agencies, Standard and Poors and Moody's. Both agencies renewed the Town's very favorable bond ratings, which is a reflection of the continued strength of the Town. In March, the Town issued \$4.99 million bonds for the project. The Town received strong interest in our bonds, and Piper Jaffery was the successful bidder with an interest rate of 2.53%. Construction on the project started in June 2015 and is expected to take approximately 14 months to complete.

As discussed in my last year's Annual Report, the Little Falls Recreation Area was developed in the 1970s with the assistance of a Federal Grant. Since that time, it has been heavily used by the community; however, it was never laid out in an efficient configuration that would make the best use of the available space. In August 2013, the Town Council approved a new Master Plan to guide future development of the site. That Master Plan included removal of a large hill, construction of several multi-purpose athletic fields, and additional parking. In December, and consistent with the Master Plan, the Town Council appropriated \$249,000 in Recreation Impact Fees to start construction on a multi-purpose athletic field at this facility. Over the winter, the Public Works Department began planning the work, and construction started on the field in the spring. This field is expected to be ready for use sometime during the 2016 playing season. Work on a second field will then begin as development of the Master Plan slowly comes together.

This past year, the Town completed a significant project that substantially renovated the old Little Falls School on Acorn Street. The contract for this project was awarded to Great Falls Construction. Renovations consisted of the replacement of the old antiquated heating system in the building with a new system that runs on natural gas, additional insulation, and the replacement of windows and the a new roof. This building, now called the Little Falls Activity Center, reopened in April and will be used for recreation programs and community activities. This newly renovated building will serve the community for many years to come.

Parking in Gorham Village, along with related topics, were discussed by the Town Council during the past year. Previously, the Town had purchased properties at 21 Main Street and at 10 Preble Street to provide an option for more parking. However, after conducting a parking study and further evaluating

the two properties, the Town Council decided to sell the property at 21 Main Street to Dominic Reali Realty, LLC. A closing on this property is anticipated early in the next fiscal year.

The Town Council also considered developing additional parking at 10 Preble Street, but after extensive discussions, decided not to proceed with that option. At that point, the Council moved forward and approved a new conditional zone for 10 Preble Street in anticipation of selling this property sometime next year. Additionally, new angle parking was approved in front of Robie Gym that is expected to provide safer parking conditions. In another step, the Town Council approved amendments to the Land Use and Development Code that will allow creative parking solutions to be considered as a way to enhance parking in the Village.

The Town Council approved amendments to the Hansen Contract Zone in South Gorham to facilitate a new Cumberland Farms at the intersection of South Street and County Road. The Council also approved a new contract zone with Avesta Housing that allows them to develop 24 new units of affordable housing for the elderly and disabled on School Street (Rt. 114) across from the entrance to the University of Southern Maine. The Avesta Housing project was just starting as the fiscal year came to a close.

Some other actions approved by the Town Council included the adoption of an updated Life Safety Code to make our Life Safety Code consistent with the State Code, amendments to the Special Amusement Ordinance, adoption of a new ordinance to provide a recall of elected officials, approval of a campground overlay district, a rezone of 6 parcels of land from Suburban Residential to the Industrial zone on Mosher Road, amendments to the Land Use and Development Code to allow Dog Kennels, and approval of 2 new contract zones in South Gorham. The Town Council also sent a proposed Charter amendment to the voters that defined “a crime of Moral Turpitude”, which was approved in November, and accepted one additional road (Lacey’s Way) as a public road.

The Town of Gorham already has an impressive record of working with surrounding communities to provide cost effective services to its citizens. We share Fire Stations with the Towns of Scarborough, Windham and Standish. We jointly own a Fire Engine with Windham that allowed us to eliminate 2 Fire Engines at the time of purchase. We share a mechanic with Windham, dispose of our trash and recyclable material at Ecomaine in partnership with 21 other communities, have our emergency dispatching done by Cumberland County, have mutual aid agreements with all of our surrounding neighboring communities, and work together with these communities on many other issues. To further these efforts, the Town Council authorized Gorham in March to join the Metro Regional Coalition, a group of communities in the greater Portland area, that actively explores opportunities for communities to work together to provide more cost effective services to its citizens.

In November our long time Police Chief, Ron Shepard, retired. Chief Shepard had been the Chief for approximately 19 years and worked as a Police Officer for the Town for over 43 years. He subsequently was elected to serve on the Town Council and will bring valuable experience to that position. As the fiscal year was coming to a close, the Town was in the process of selecting a new Police Chief to lead the Department.

In May, the Council listened to a presentation from Shaw Brothers about a concept to develop a 258 acre parcel of property currently owned by Ecomaine on lower Main Street. The concept also would provide parking for public access to the Presumpscot River, construct public trails for walking, snow

shoeing and cross country skiing, revitalize the former hay fields that once existed on this property, and provide road frontage for a local farmers market. At the time of the presentation, this was presented as a concept, and therefore it is early in the process. However, the concept provides an enticing possibility for future development.

I am very pleased to report that for the 11th consecutive year, the Town has received a Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association. Gorham is one of about 10 communities in Maine to receive this distinguished award.

Finally, I would like to recognize our municipal employees and their dedicated efforts to provide high quality professional services every day. Your dedication to serving our citizens and helping the Town meet and respond to a challenging environment is greatly appreciated.

Respectfully submitted,

David O. Cole
Town Manager

ASSESSING DEPARTMENT

The Assessing Department assigns and updates tax values on all existing and new tax parcels in Gorham using a computer based assessing program (Vision), including a geographic information system (GIS) component. This process includes property inspections and technical data entry, sales studies and analysis, and changes within the system when appropriate. We provide a wide range of property information to real estate professionals and others through the Town of Gorham web site and over the telephone, through email, and in person at our office. We review and assign addresses and tax map/lot numbers for newly created lots and subdivisions and frequently work with contractors, other Town of Gorham departments, and Emergency-911 agents regarding address issues, including the E-911 mandated naming of driveways. We also process all property owner transfers and maintain files on each taxable parcel. We digitally store deeds and maintain sale price records. Annually we produce updated tax maps of all real estate tax parcels in Gorham.

We also administer a number of tax exemption programs and special use designations including tree growth, farm use, open space, homestead, veteran, and blind exemptions, and the personal property BETR and BETE programs that result in tax savings for Gorham property owners and businesses. We provide assistance and question resolution regarding these exemptions and tax reduction programs. Annually, we compile a total value for all assessed taxable property and respond to a variety of State of Maine reporting requirements.

TOWN OF GORHAM, MAINE Property Tax Rates – All Direct and Overlapping Governments (Per \$1,000 of Assessed Value) Last Ten Fiscal Years

Fiscal Year	<u>Direct</u>	<u>Overlapping</u>		
	Municipal Tax Rate	School Tax Rate	County Tax Rate	Total Tax Rate

2015	5.47	11.25	.68	17.40

Source: Gorham Assessing Office.

** The drop in the tax rate for fiscal year 2008 was the result of a Town wide value adjustment for all real property tax parcels.

BAXTER MEMORIAL LIBRARY

The Baxter Memorial Library serves our community as a welcoming and accessible gathering place for information, lifelong learning, and enjoyment. Through its association in the MINERVA Library Consortium, the Baxter Memorial Library has access to books and resources from around the state, making it truly a library without walls.

* The Internet Use sessions figure excludes sessions of patrons wireless access which is available at the Baxter Memorial Library 24/7 both inside the library and from our patio and parking lot. We are unable to get tangible statistics on wireless access.

**To align with Minerva loan periods, we increased our movie and magazine loan period from 1 week to 3 weeks in July 2014. This has decreased the number of renewals and, therefore, our total circulation. Our checkouts and interlibrary loan activity have remained relatively stable. This change has been popular with our patrons and it less confusing now that all items circulate for the same loan period.

^We discontinued Digital/Audiobook downloads in February 2014. This service is available through Portland Public Library. We issue Portland Public Library cards at Baxter.

~ Corrected from previous report (math error).

CODE ENFORCEMENT OFFICE

The Code Enforcement Department encompasses the plan review and permit issuance of new construction and property reuse and redevelopment. The Department also conducts inspections of all building projects to ensure that the construction is in conformance with issued building permits, Codes and Ordinances. The Code Enforcement Officers provide review, interpretation, inspection and enforcement of the Gorham Land Use and Development Code, the 2009 International Residential Code (IRC), 2009 International Building Code (IBC), 2009 **International Energy Conservation Code (IECC)**, 2014 National Electrical Code (NEC), 2000 Uniform Plumbing Code, 2011 Subsurface Waste Water Code, the 2007 ASHRAE Energy Code, the 2007 ASHRAE Ventilation and Indoor Quality Code, the 2009 International Existing Building Code (IEBC) and the State of Maine Life Safety Code NFPA101. The Code Office further reviews development applications regarding Shoreland Zoning, Flood Plain and applications for appeals to be heard by the Zoning Board of Appeals. The Code Officers perform plan review as members of the Development Review Team and Project Review Group. They also conduct site inspections on minor site plan developments and are compliance officers for Planning Board approved projects. The Code Officers also review applications and issue permits (building, electrical, plumbing, septic system, sign and use permits), conduct inspections pertaining to the aforementioned, assist the public with zoning matters, assessing information (copies, deeds, etc.), investigate complaints and enforce ordinances. They work closely with the Planning and Fire Departments to ensure compliance with related codes and work in conjunction with the State Electrical Inspectors Office, Department of Economic and Community Development and the Maine Department of Environmental Protection (MDEP) to ensure compliance with relevant state and local laws and ordinances.

GORHAM ACCESS TELEVISION AND TECHNOLOGY

GGETV Channel 3 (Government/Education) – www.gorham-me.org

GOCAT Channel 2 (Community Access) – www.gocat.org

Mission Statement:

To be a communication resource for use by the Town and its citizens.

Gorham Access staff maintains the broadcast and technical functions for two PEG (Public/Educational/Government) TV stations. Management of streaming video system and other on-line video content is also handled by staff. Production studio and office is located at the Gorham Municipal Center.

Channel 3 – the government and education station is staffed by GOCAT and records and programs for broadcast of municipal and school meetings as well as information provided by county and state departments. We provide official information pertinent to citizens regarding their government.

Channel 2 – the community side provides training and equipment to residents wishing to create their own media presentations. GOCAT Studio houses the production suite and multiple computer workstations that provide a range of technology related software.

GOCAT staff works with citizens, the Gorham Business & Civic Exchange, University of Southern Maine, non-profits, and civic organizations to produce local programming. Productions feature guest lecturers, special events, local talk, arts, sports, and informational shows. Gorham Access is the steward of the community video archives and receives frequent requests for media duplication. Staff maintains the community “bulletin board” providing announcements of station programming, local events and services.

School and Town events are well documented through the efforts of the staff in recording and editing. GOCAT is present 24 hours a day on the Time Warner Broadcast System and over the internet. Our on-line activities continue to grow as technology expands. Realizing that the future of communications will be centralized to the World Wide Web, we are finding we need to devote more hours to this area.

Other duties that support the Town & School Departments include: requests for productions, media support, audio/video support, designing presentations, video edits, and media duplication. The Station Manager maintains technical operations and repairs for the TV Studio and broadcast functions for both channels.

Programming Priorities:

- Town Government/ Town Events/ other Government Agencies
- Resident produced/ local-non-government / shared programs from GGETV

- Alternative Programming: shows from other access TV stations

Approximate monthly production hours for recorded local events:

- Town meetings - 30 hours
- School & other agencies – 15 hours
- Miscellaneous local productions/ edits – 60 hours

Both channels run 12 hours of programming every day. The mix of content is half local origination and half from other sources.

Staff:

- 1 full time -Station Manager & Technical Director
- ½ time -Media Specialist
- Auxiliary/On call –Videographers / Production Assistants
- Volunteers

Major Equipment:

Equipment: Digital video and still cameras, Non-Linear Edit Systems, Remote Camera Systems, HD Studio Recording System, and Video Server System. **Computers:** 4 Apple / 7 PC, variety of production and graphics software, public address system, microphones, audio mixers, theatre light system, and character generator for text and graphics.

Updates: The recording system in GOCAT Studio has been upgraded to HD.
The recording system in the Council Chambers will soon be upgraded to HD.
Our streaming video service has been upgraded with improved video and audio quality and the ability to stream live and Video-on-demand to ipads and other portable devices.

GORHAM ECONOMIC DEVELOPMENT CORP.

The Gorham Economic Development Corporation (GEDC) has prepared this activity report as a way of providing an account of its development efforts and results for the prior year. The Corporation's focus is to engage in business attraction and retention practices that will allow for the expansion of the business community in Gorham thereby stabilizing and expanding the tax base and creating jobs for its citizens. While constituted as a stand alone corporation, it is funded by the Town of Gorham. Staff also participates in special development projects including managing the town's revolving loan fund, grant applications, and regional planning efforts. The corporation is staffed by 1 part time employee and overseen by a 9 member volunteer board of directors which meets monthly.

2014/2015 was another solid year for attracting and retaining business in the town, coupled with investment by these companies that expanded the tax base.

Development Activity

July 1, 2014- June 30, 2015

41 Businesses Assisted
5 Businesses Attracted
10 Businesses Retained/expanded

Attraction:

Attraction efforts include MK Kitchen, Maine Coast Kitchen Design, Thirsty Turf Irrigation, and Seaside Landscaping .

Retained/Expanded:

2015 activity was significant on the side of expansion and retention. Martins Point Health Care completed their expansion project on Lower Main Street, and the Corporation was active in helping retain My-Fit-24, Amato's, Casco Federal Credit Union, New England Stair and Tread, Easy Aquarium, 109 Main Street redevelopment, Town and Country Cabinet, Center of Movement, Serv Pro and Woods Excavating.

Special Projects:

Through the town Revolving Loan Program, we completed \$50,000 in financing for My Fit 24 as part of their expansion project on Mechanic Street in the Village. Also completed a refinancing of an existing loan for New England Stair and Tread that allowed for the sale and retention of the company in the Gorham Industrial Park.

\$120,000 grant approved through Cumberland County Community Development Block Grant Program for sidewalk improvements in Little Falls that is now under way.

Begun process for joining the Main Street Network Program administered by the Maine Development Foundation.

PLANNING DEPARTMENT

The Planning Department provides planning assistance and technical support to the Planning Board, the Administrative Review Committee, the Town Council and the general public. The staff coordinates the review of all proposed land use development applications requiring approval by the Planning Board or the Administrative Review Committee. The Department also oversees special planning projects, the development and adoption of new ordinances and amendments to the Land Use and Development Code, as well as the Official Zoning Map of the Town.

During the current fiscal year, the Planning Department has processed applications for 34 new developments and amendments to previously approved projects, and 19 applications carried forward from 2015, for a total of 53: 21 have been approved, 1 was withdrawn, and 16 were carried forward for completion in FY 2016. The Planning Board and staff also prepared and/or reviewed 2 zoning map amendments, 13 zoning text amendments and 4 Contract Zone applications, with 2 zoning map amendments, 11 zoning text amendments and 4 Contract Zone applications being adopted by the Town Council and no zoning amendments being carried forward for completion in FY 2016.

PUBLIC WORKS DEPARTMENT

The Public Works Department is primarily responsible for the maintenance of over 146 miles of Town roads and 14.98 miles of State roads. This road maintenance work includes, but is not limited to, the maintenance of pavement (summer and winter), markings and striping, signage, bridges, culverts, ditches, traffic lights, trees, picking up dead animals and trash in the roadway, mowing of grass within the roadway, cleaning of catch basins, and street sweeping. In addition to roadway maintenance, Public Works also conducts capital road improvement projects, building, cemetery and facility maintenance, cemetery burials, mowing and trimming of Town grounds, and oversees the curbside collection "Pay-Per-Bag" and recycling program. Public Works, through the Public Works Director, assists with development plan review and construction and coordinates the Town's GIS Program. Public Works also assists every other Town Department and the School System in a variety of capacities when needed.

**PUBLIC WORKS DEPARTMENT
TRANSFER STATION
SOLID WASTE AND RECYCLING**

The Public Works Department maintains the two existing closed landfills, including the administration of the required water testing program.

The transfer station is open for grass clippings and leaf drop-off during normal business hours and is open by appointment noon to 1 p.m. Monday through Thursday for the disposal of motor oil. The transfer station is also open during two Saturdays in the spring and two Saturdays in the fall for brush disposal.

The Pay-Per-Bag curbside program began in July 1, 2002 and includes the collection of solid waste and recyclable materials. In 2015 EcoMaine eliminated the annual assessments to Towns. DPW estimates that approximately 2,400 tons of solid waste is handled by the curbside collection contractor annually. 175,000 15-gallon trash bags and 95,000 33-gallon trash bags were sold in FY15.

RECREATION DEPARTMENT

Gorham Recreation Department provides people of all ages opportunities for activities and experiences that support healthy living and community involvement. The Department offers wide a variety of youth and adult sports programs, family outdoor recreation opportunities including hiking, biking, skiing, canoeing and a host of community special events including concerts, festivals, holiday celebrations and camp activities for grades K-8 on a year round basis.

TOWN OF GORHAM, MAINE
Balance Sheet
Governmental Funds
June 30, 2015

Reconciliation of the total fund balances - total governmental funds
to the total net position of governmental activities:

Total fund balances - total governmental funds, Statement 3 \$ 21,535,073

Amounts reported for governmental activities in the statement of
net position (Statement 1) are different because:

The deferred charge on the refunding bond in governmental
activities is not reported in the funds. 849,937

Capital assets used in governmental activities are not financial
resources and therefore not reported in the funds. More
specifically:

Non-depreciable capital assets	4,227,425	
Depreciable capital assets, net	73,496,556	77,723,981

Long-term liabilities are not due and payable in the current period
and therefore not reported in the funds:

General obligation bonds	39,760,305	
Bond premium	1,340,470	
Notes payable	212,574	
Capital leases	416,060	
Net pension liability, including related deferred inflows and outflows of resources	1,617,877	
Compensated absences	1,004,685	
Accrued interest payable	295,985	
Other postemployment benefits	746,604	(45,394,560)

Unavailable revenues - property taxes
not reported on Statement 1 730,770

Net position of governmental activities	\$	55,445,201
--	-----------	-------------------

See accompanying notes to basic financial statements.

See accompanying notes to basic financial statements.

TOWN OF GORHAM, MAINE
Reconciliation of the Statement of Revenues, Expenditures
and Changes in Fund Balances of Governmental Funds
to the Statement of Activities
For the year ended June 30, 2015

Net change in fund balances - total governmental funds (from Statement 4)	\$ 5,825,997
Amounts reported for governmental activities in the statement of activities (Statement 2) are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation expense (\$4,137,899) and loss on disposal (\$105,648) exceeded capital outlays (\$2,287,859) in the current period. (Note 6)	(1,955,688)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	7,530
Bond, note and capital lease proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of bond, note and capital lease principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. (Note 10)	(1,774,920)
The Town is amortizing the deferred charge on refunding and the issuance premium over the life of the refunding bond.	(112,452)
Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds. More specifically, this represents the change in long-term accrued compensated absences. (Note 10)	(28,706)
Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds. More specifically, this represents the change in other post employment benefits liability. (Note 10)	(110,007)
Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds. More specifically, this represents the change in accrued bond interest payable.	(26,221)
Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds. More specifically, this represents the change in net pension liability with related deferred inflows and outflows. (Note 10)	637,729
Change in net position of governmental activities (see Statement 2)	\$ 2,463,262

See accompanying notes to basic financial statements.

TOWN OF GORHAM, MAINE
Notes to Basic Financial Statements
For the year ended June 30, 2015

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Town of Gorham, Maine was incorporated in 1764 and operates under a Council-Manager form of government, adopted by charter in 1967.

The accounting policies of the Town of Gorham conform to accounting principles generally accepted in the United States of America as applicable to governmental units. The following is a summary of the more significant of such policies.

A. The Reporting Entity

In evaluating how to define the reporting entity, for financial statement purposes, management has considered all potential component units. The decision to include a potential component unit was made by applying the criteria set forth in GAAP which defines the reporting entity as the primary government and those component units for which the primary government is financially accountable. Financial accountability is defined as appointment of a voting majority of the component unit's board, and either a) the ability to impose will by the primary government, or b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government. Application of this criterion and determination of type of presentation involves considering whether the activity benefits the government and/or its citizens, or whether the activity is conducted within the geographic boundaries of the government and is generally available to its citizens. Based upon the application of these criteria, there were no potential component units required to be included in this report.

B. Basis of Presentation

The accounts of the Town are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, deferred inflows, fund equity, revenues, and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

C. Basis of Accounting/Measurement Focus

Government-wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Town. For the most part, the effect of interfund activity has been removed from these statements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. The fiduciary fund financial statements use *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The Town of Gorham, at this time, does not have any business-type activities.
